EXPERIENCE

DELHI FIRE SERVICE

Fire & Rescue Trainee (Attachment)

Duration : Jan 2020 - March 2020

This attachment with Delhi Fire Service gave the required exposure into functioning of a Fire Service & the tactical operation inside the fireground with gaining proper knowledge and practical experience simultaneously.

EDUCATION

NATIONAL FIRE SERVICE COLLEGE | MINISTRY OF HOME AFFAIRS | GOVT OF INDIA

B.E.(Fire Engineering)

Grades - 7.68

Year of passing : 2020

PROJECTS

FIRE RETARDANTS APPLICATION ON MATTRESS

In this project, an effort was made to increase the fire resistance and ignition temperature of the mattress to avoid fire incidents. The different retardants made during work are applied to decrease the fire spread and their performance are studied.

MODIFICATION OF FIREMAN AXE AS A METAL CUTTER

In this project, an efforts was made to modify the fireman axe with little addition of automated parts. These experiments reduce the time of time of operation and efforts of fireman during firefighting and rescue.
